Dwelling #2: This risk requires underwriting approval because the requested Dwelling Limit is more than 20% of the indicated purchase price. Please either reduce the Dwelling Limit to no more than 20% of the purchase price, or document explanation and submit

Some issues are related to missing information. For example, not changing the number of dwellings owned on the Policy Info page, or not answering the questions in the Dwelling Details tab. When information is missing, you will need to go back and make those corrections before proceeding to issuance.

Some issues may be related to missing information. Use the **Sidebar** menu to navigate to the page pertaining to your blocking issue.
